

Tk\Form\Element

```
classDiagram
    class Tk_Form_Field_Iface["Tk\Form\Field\Iface"]
    class Tk_Form_Element["Tk\Form\Element"]
    Tk_Form_Field_Iface --|> Tk_Form_Element
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Tk\Form\Field\Iface'. A vertical blue line with an upward-pointing arrowhead connects this box to a white box labeled 'Tk\Form\Element' positioned above it. This indicates that 'Tk\Form\Element' inherits from 'Tk\Form\Field\Iface'.
